

This 3,000+ word erotica features Cheryl, a boss lady who is the most seductive and unique officer on the police force. In this story you'll get to enjoy girl on girl, spanking, shower masturbation, exhibitionism, face sitting and fun in the back of a cop car... EXCERPT: When Cheryl was done freshening up, she checked herself out in the mirror and loved what she was seeing. She twirled to look at her booty, followed by one last smack on her t-ts – a ritual that has become customary. She walked through the hallway, getting ready to head back out into the streets, when she heard a whistle from around the corner. When Cheryl stopped, she realized that the whistle came from the holding cells that she just walked past. When she walked back to the source of the noise, she saw a handsome white guy, about 6-foot-1 with sandy blonde hair and an underwear model build. He was looking Cheryl up and down as if he was ready to get on that ride. Peeping the situation, Cheryl rolled her eyes and then marched over to the bars, sizing him up. Hm. He is cute. Maybe it'll be worth having some fun with him, she thought. Cheryl pressed her cleavage against the jail bars, putting them through the bars, eyeing the prisoner up and down to see if he was up for the challenge. "I don't think you're ready for this," she told him, licking her lips.
