

The Novels and Miscellaneous Works: With a Biographical Memoir of the Author, Literary Prefaces, Vol. 17 (Classic Reprint)

The work which is here offered to the public is a collection of useful instructions for a young tradesman ;which are the more necessary, as there never were so many bankruptcies or failures in trade as of late. Had I not seen, in a few years experience, many young tradesmen miscarry for want of the very cautions which are here given, I should have thought this work needless, and I am sure, had never gone about to write it; but as the contrary is manifest, I think the world wanted either this of something better. I make no doubt but there is, generally, as much trade now, and as much gotten by trading as formerly. There must then be some reason why the tradesman cannot support himself and family as well as before. Nor need we be afraid to speak out; the case is but too obvious.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
