Discover how to tap into a new metaphysical realm with your bodys inner power, and change your life forever. Description from Astral Projection by Nicole Harrington We have all heard stories about people who have mysteriously left their bodies and gone on journeys to faraway lands. Strangely these stories have not just appeared in modern times but have been occurring throughout history for thousands of years. People who have achieved Astral Projection often say that the experience resembled leaving their bodies and existing in a different dimension, often referred to as the Astral Plane. For years, I have studied historical texts in order to hone my techniques and skills in astral travel. There is no greater thrill than being able to hand this knowledge about astral projection down to those who are looking to achieve out of body experiences. These experiences can be life-changing, opening a person up to look at the world in a whole new light. Come and learn the secret techniques needed for these out of body experiences in Astral Projection. Description of Astral Projection by Joy Martel Do you feel that you are not living up to your potential? Would you like to feel more connected with your body and your mind? It wasnt until I discovered astral projection and travel that life changed forever as a new world opened up to me, allowing me to tap into the mental and physical reserves I always knew I had. Over the years, I have helped others unlock their potential, to finally start living life on their own terms.
