

Nadia Nightsides Best of 2015

The best way to start indulging. Nobody knows sensational erotica better than Nadia Nightside. All her stories feature fertile, gorgeous women dripping with desire and masculine, hunky men throbbing to deliver heir after heir. In these stories, men are always capital M MEN, in their rightful place in charge of gorgeous women. And those women? Of course they're all aching to slide down on their knees before their ripped, studly gods and worship those meaty members with their deliciously plump mouthseven if they have to do it with two or three or four other beauties at the same time. In *2 Women, 1 Man, 0 Rules*, a pregnant housewife worried about her straying husband enlists her gorgeous best friend into a threesome so they can both worship his massive meat together. In *Owning My Co-Worker*, a lucky young man finds out that the taste of his seed puts the beautiful women he works with under a blissful, obedient trance. In *Gang Up: Overload*, a post-apocalyptic town is ripped in two when a love affair between members of rival gangs is exposed, and every member of the gangs needs to ride just one lucky beauty to settle the dispute. In *Revenge On His Hot Assistants*, a stage magician finds a magic watch that lets him entrance his beautiful, snobby assistants until they're his dotting servants, eager have his virile unprotected seed fill their fertile bodies. In *Lust Fever*, a virus is unleashed that makes mindblowing sex unstoppable and undeniable. And in *Heir Salon*, a staunch feminist moves to a town where all the women are empty-headed, eager, fertile, servile bimbos and soon finds herself part of a plot to be just like them. This bundle is the perfect place to start for any new readers of erotica, or a great way for old fans to catch up with any hot tales they might have missed out over the last year.
