

Genre: LGBT Suspense Series: Quinn Security; Previous Book: Saying I Do Newly named head of Quinn Security Investigations, retired detective Logan Jeffries believes in law and order. Everything should have its place. A personal life should never interfere with work. Relationships should have their own rules too. Logan lives by his own laws -- five precisely. As long as he follows them, all is right in his regimented world. Nate Jordan wishes he could say no when assigned to work with Logan. Nate has never forgotten Logan's kindness the night they met. In the three years since, his crush has only grown. This partnership will surely end in disaster, but Nate cannot walk away. Quickly, Logan and Nate delve into the search for a missing socialite. Nothing else should occupy Logan's thoughts. The only problem? Nate is determined and sweet, and working with him awakens Logan's deepest desires. Logan won't break his laws, though. Not even for the gentlest, sexiest man in the world. Meanwhile, Nate is falling harder and faster for Logan every day they're together. The craziest damn thing is he thinks he senses attraction under Logan's controlled facade. Nate will have to break every one of Logan's laws to capture the man of his dreams.
