

Chloes Guardian (The Nephilim Redemption Series Book 1)

Chloes boyfriend cheats on her and she just wants to die. But its not so easy to end it all. An amazing winged creature swoops in and saves her mid-jump. The angelic intervention must be a sign her troubles are over! But things only get worse. Missing her plane, losing her passport, crashing her car are nothing compared to when gangbangers jump her on a dark, empty street. Shes too paralyzed with fear to even scream for help. But her amazing half-angel creature reappears and saves her againflying her right up through the heavens! But they soar directly into more trouble. Horatius, her Nephilim savior, has a heap of his own problems. His beer habit doesnt help a bit when he has to fight against his demon father, who targets Chloe with his evil rage. Chloe needs to be protected, and Horatius transports her to sixteenth century Scotland to hide her. But a curse renders him powerless and medieval Highlanders kidnap Chloe. Separated from Horatius, she has to depend on her own wits to escape and survive, and then negotiate with demons to get back to her own time and life.
