

This training guide has been written specifically for the EDI ITQ (IT User Skills) level 1 unit Using the Internet, which requires you to make best use of an Internet browser application to visit and interact with web pages. Each exercise in this guide has been designed to gradually build up your knowledge of Internet Explorer using a simple, user friendly, step-by-step approach. This unit requires you to demonstrate the basic skills and knowledge needed to connect to the Internet, use and customise browser facilities, and searching for and evaluate information. This guide provides you with the knowledge and techniques necessary to meet these learning outcomes.
