

Night Shift Nurse (Contemporary Erotica)

After a week in the hospital, Chelsea is ready to be released and to go home. When the lights are out and she's all alone, her body reminds her that a girl has needs, and now that she's healthy again, they need to be addressed. When she fantasizes about her handsome male nurse and tries to take care of her needs herself, she's caught in the act when the object of her fantasy enters her room to check on her. Will she meekly hide her urges, or will she take the bull by the horns to get what she needs? This 3100 word short story is for ADULTS ONLY. It contains a sizzling hot patient / nurse fantasy.
