

# Smoking Hot & Overheated: The Interracial BWWM Anthologies, Volume 6

In installment six of the Interracial BWWM Anthologies Series, we find some hot and spicy tales from three top African American authors who want to strut their stuff when it comes to sizzling, no holds barred romance. In a perfect world, romantic love tales would be in a fairy tale setting, but this is far from a perfect world. Realities can be both harsh and unforgiving, but in spite of it all, love will find a way. These interracial tales of lust and desire center around African American women that know what they want and are not afraid to be judged by going after it quickly and persistently. The tales epitomize what is lurking in a lot of real life heroines, and that is a desire to nail down their Caucasian men before the competition can steal them away.
