

A comprehensive book that discusses the evolution, practice, and outcomes of 11 prominent theoretical approaches to group work and examines the essentials required to be an effective worker and leader with groups in various settings and life stages. It begins with an introduction to the history, dynamics, diversity, leadership, ethics, and development that are part of the lives of groups. It then presents an extensive discussion of the issues and procedures for working with groups throughout the lifecycle. For group counselors and therapist, or anyone working with or within a group.
