

## Dr. Covingtons Remarks (Bold, Black, and Bi Desires Book 2)

Angel Covington is a naughty doctor - well, not really a doctor. She a psychologist, who will do anything to help her patients. But she has some issues of her own, which causes her to do some interesting things in professional settings. This psychological erotica short story has many psychological twists and turns and outrageous acts, group sex, ffm menage, bisexual fun, and more. This story is for the truly open-minded, as swinger fantasies, voyeurism, and exhibitionism are indulged in a brand new way. You dont want to miss the surprise ending that will blow your mind! The characters and storylines in the short stories in the Bold, Black, and Bi Desires series are all different, catering to a variety of flavors. This work is courtesy of Tigress Healy, who writes African American bisexual books and offers married erotica for women who love women. She is a contributing author in several bestselling anthologies edited by Zane, Rachel Kramer Bussel, and Sacchi Green.
