Whats thick, muscular and known to put a womans fire out? Candice finds out in this hot tale of a professional woman, becoming intertwined with a sexy, alpha male firefighter. Looking for a doctor or lawyer in her life, Candices first reaction is to spurn the attention of John, a blue collar man. But when he takes her on a ride in his big fire truck, Candice cant help herself. His raw masculinity sends her to her knees in the truck, giving him pleasure with her mouth while they zoom through traffic with sirens blasting, only to end up at the firehouse, where things are REALLY about to heat up
