

Known for his tales of adventure and coming of age, Jack London's fiction, including *The Call of the Wild*, *White Fang*, *The Sea-Wolf*, and *Martin Eden*, is hailed for its naturalistic explorations and for its confrontation of notions of heroism and courage. This offering from Blooms Modern Critical Views presents a selection of critical essays about London and his enduring works. Along with an introduction from master scholar Harold Bloom, a bibliography, a chronology, and an index make this volume perfect for students studying this author.
