

Medieval Maidens Boxed Set is two medieval and two medieval/paranormal romances of maidens on a mission. Whether it is to get revenge on the English, steal back a baby from the gods, or to repent for the family's sins by going on a pilgrimage, these women are on a journey and will stop at nothing to get what they want! Each book is part of a different series, but can stand alone. This set includes: Lady Renegade: (Medieval romance) Book 2, Legacy of the Blade Series Lady Wren has not only birthed the Scottish king's bastard, but in a battle between the English and the Scots, she's been hit and blinded by her own marcher lord. Now she leads a small band of renegade women who live in underground huts, hidden away in the Highlands, vowing her revenge against her own people. Storm MacKeefe is a rugged Highlander who is tricked into taking on the job of hunting down the leader of a band of renegades, not knowing it's a small army of women and their leader is blind. When Storm is taken captive instead, he realizes, he's met this woman years ago. Will a Scottish warrior be brought to his knees by a woman who holds a power over him so strong, he forgets she is even blind? Or will her deception make him feel like the blind one instead? Thief of Olympus (Medieval/Paranormal romance) Greek Myth Fantasy Series Lysandra is an Amazon warrior princess who will never surrender her heart to a mere man. At her coming of age ceremony, she mates with a chosen man, hoping for the stronger of the sexes - a baby girl. But when the baby is born, it is a son, and stolen by the man who sired him. Zarek, king of Thrace, is better known as the most infamous thief in all of Greece. He wanted a strong heir, and now he has one. But when the baby is taken by Artemis, Zarek and Lysandra are pitted against each other to win challenges - stealing from the gods in order to get the baby back. One contestant will win. One kingdom or tribe will die. Unless the Thief of Olympus can steal back from the gods the most precious gift of all. Just a Kiss (The Frog Prince) Book 2, Tangled Tales Series (A twisted, tangled, romantic retelling of the fairy tale, The Frog Prince.) Medieval/Paranormal romance. Freya Fane is a witch on a mission to help heal her mother. She has the ability to transport at will, and can understand the frogs in her swamp. But when a handsome knight comes to the swamp, her life will never be the same. Sir Arnon de Bar has just been released from a curse from the old witch, Hecuba, only to stumble into another one. He shows up at the Baron of Slaptons competition to try to win the hand of the man's eccentric but beautiful daughter. Arnon wants his own castle and it is his birthright as a noble to have what his twin brother, Hugh, has already attained. However, he has no idea what he is stepping into when he accepts the challenge. When magic is a curse, can it also be a blessing? And can a witch and a man who has had his share of trouble be able to stop the inevitable from happening before it is too late? Amber (Medieval romance) Book 3, Daughters of the Dagger Series. Amber de Burgh is a novice of the abbey, sent on a pilgrimage with a devil of a man named Lucifer. Lucifer, or Lucas, has been raised by the priest after being found on the steps of the church as a baby. He does the Father's bidding, but now the man wants him to steal the Regale Ruby from the shrine of St. Thomas Becket in Canterbury. He's promised things he longs for, but he didn't expect to have a novice tagging along. Can a pure dove change the morals of a devil or will he change her morals first?
