

Modern Fencing: A Comprehensive Manual for the Foil, the Epee, the Sabre

First published in 1948, Modern Fencing was used to train generations of fencing students at the U.S. Naval Academy. It is unique among fencing manuals because it contains lessons in all three weapons - the foil, epee and sabre - rather than just one. Though long out of print, Modern Fencing is still considered one of the best fencing manuals ever written and is often cited by modern fencing masters for its concise lessons and excellent photos. Don't miss this opportunity to own this classic military fencing manual.
