

# National Evaluation of the Safe Trip-21 Initiative: I-95 Corridor Coalition Test Bed, Final Evaluation Report: Providing Multi-modal Travel Information to Airport Users

The purpose of this document is to present the findings of the national evaluation of the I-95 Corridor Coalitions Airport Ground Transport Travel Information project, one element of the I-95 Test Bed conducted under the USDOT's Safe Trip-21 Initiative. The Airport Ground Transport Travel Information Project is a system which was designed to provide trip planning information via a website, mobile website, and airport kiosk, for individuals traveling to or from BWI airport.
