

EROTIC ANGEL: Adult Business: A suspense romance mystery thriller

Angela Stone was a young blonde haired beauty who looked like an angel who had her devilish side always tempting her. When she shows up for her first job interview in her entire life, the temptress who was born into Los Angeles wealth and privilege wasn't interested in money. The executive at Erotic Angel didn't think he wanted to skip the casting couch cliché. After all, he ran the powerhouse adult movie production empire and certain things were too good to pass up. The blue-eyed blonde that walked into his office was one of them. That started the entire sexual mystery. The beautiful blonde who had just graduated from film school had ulterior motives and inner sexual compulsions. The cast of characters began forming around her and she was one naked leading lady who just maybe was born for the Erotic Angel spotlight. The Hollywood life had seen the porn chic adult empire go world wide. Angela Stone was the erotic angel who was a sexy little devil who maybe had big ambitions. As they said in the movie business, coming soon. All she needed was to be released.
