

Saloni Kauls Book of Childrens Poetry

A sensational discovery on the childrens book scene, with its metrical sheen and thought-packed content, Saloni Kauls Book of Childrens Poetry addresses the child as well as the child in each of us directly in a manner all the poetas own. The world of the child is elaborated in charming vignettes, fervent outpourings of lyric, theatrical and mock theatric dramatic monologues and soliloquies. Commonsensical down-to-earth pronouncements intertwine with irreverent in tone comments almost off the cuff, entertaining riddles and teasers with well-crafted poesy.
