

## Every Which Way, and Loose: Their Same Room Swingers Swap

...When I was eighteen, I was hitchhiking across country, and I had a lot of fun with truck drivers and others I met. Ive had scads of lovers, some I dont remember, some I never even saw their faces or knew their names. How could you not see their faces? Kerry shrugged. Orgies, masks, or, on one occasion, I was blindfolded during a gang... A...you.... A guy I know said that being unable to see would increase the pleasure. I mean, that Id be more focused on the sensations rather than looking around at everything. It was partially true. I think mostly I was just more turned on by the sense of helplessness, or maybe by feeling almost anonymous, you know. like if I couldnt see them, they couldnt see me...

I feel strange like this, Erica said, crossing her legs. You should get comfortable with your body. Dont be ashamed of it. Im not ashamed, but... Spread your legs. Go on. Erica bit her lip, but obediently uncrossed her legs. When Dan introduces his wife to friend Brad and Brads partner Kerry, little does she know that the friends share everything, even lovers. It is not long before the inexperienced slim lawyer is being taken wholly and unabashedly by the well endowed and studly fireman Brad, all while Ericas husband and Kerry add a spot of voyeurism to the proceedings. What follows is Ericas indoctrination into all things lascivious as power couples rut with wild abandon and orgies are played out on a bacchanalian scale. No holes barred, and no practice considered too taboo. From MMF same time, same room coitus, to dangerously lesbian liaisons. But will Erica take all she has learned to seduce the senior partner of her law firm, and how far will Kerry, Brad, and Dan let her go.
