

Harmonize your Home and Office:: Feel More Alive!

You spend a lot of time in your home and office. These environments surround you with electronic frequencies that could be out of harmony with nature and your natural biorhythms. It has only been in the last one hundred years that human bodies have been subjected to new and constantly changing frequencies that were absent in most of our evolution. The imbalance of your indoor environment can deplete your energy, make you fatigued or even sick. You have the ability to center yourself within any environment and even bring a balanced vibration to your indoor living space. The answers to a healthier indoor setting are within this book. Using this metaphysical guide to ground yourself and your environment, you can have the energy and health you desire to feel more alive. Diana learned at an early age the power of intuition and her sensitivities to the unseen world. Though touch she was able to feel the physical pain of others beginning at age seventeen.
