

## Sense and Sensibility (illustrated)

Sense and Sensibility (illustrated): Sense and Sensibility is a novel by Jane Austen, and was her first published work when it appeared in 1811 under the pseudonym A Lady. A work of romantic fiction, better known as a comedy of manners, Sense and Sensibility is set in southwest England, London and Kent between 1792 and 1797, and portrays the life and loves of the Dashwood sisters, Elinor and Marianne. The novel follows the young ladies to their new home, a meagre cottage on a distant relatives property, where they experience love, romance and heartbreak. The philosophical resolution of the novel is ambiguous: the reader must decide whether sense and sensibility have truly merged. Publication & Adaptions: In 1811, Thomas Egerton of the Military Library publishing house in London accepted the manuscript for publication in three volumes. Austen paid to have the book published and paid the publisher a commission on sales. The cost of publication was more than a third of Austens annual household income of ?460 (about ?15,000 in 2008 currency). She made a profit of ?140 (almost ?5,000 in 2008 currency) on the first edition, which sold all 750 printed copies by July 1813. A second edition was advertised in October 1813. The book has been adapted for film and television a number of times, including a 1981 serial for TV directed by Rodney Bennett; a 1995 movie adapted by Emma Thompson and directed by Ang Lee; a version in Tamil called Kandukondain Kandukondain, released in 2000, starring Aishwarya Rai Bachchan; and a 2008 TV series on BBC adapted by Andrew Davies and directed by John Alexander. Sense & Sensibility, The Musical (book and lyrics by Jeffrey Haddow and music by Neal Hampton) received its world premier by the Denver Center Theatre Company in April 2013 staged by Tony-nominated director Marcia Milgrom Dodge, and in 2014, the Utah Shakespeare Festival

presented Joseph Hanreddy and J.R. Sullivans adaptation of the novel. In 2013, author Joanne Trollope published her own version of the story, bringing the characters into the present day and providing some enjoyable modern satire. Jane Austen: Jane Austen (16 December 1775 18 July 1817) was an English novelist whose works of romantic fiction, set among the landed gentry, earned her a place as one of the most widely read writers in English literature. Her realism, biting irony and social commentary have gained her historical importance among scholars and critics. Austens works critique the novels of sensibility of the second half of the 18th century and are part of the transition to 19th-century realism. Her plots, though fundamentally comic, highlight the dependence of women on marriage to secure social standing and economic security. Her works, though usually popular, were first published anonymously and brought her little personal fame and only a few positive reviews during her lifetime, but the publication in 1869 of her nephews A Memoir of Jane Austen introduced her to a wider public, and by the 1940s she had become widely accepted in academia as a great English writer. The second half of the 20th century saw a proliferation of Austen scholarship and the emergence of a Janeite fan culture.
