

Sable needs an A, or she'll be sent home for good from college. As a desperate move, she goes to talk to her professor, to see what can be done. The professor has a bit of an idea... What follows is Sable naked, on her knees spanked, taking a mouthful of her professor and getting bent over and rammed over the desk. **WARNING!** This story features more than 3,000 words of sizzling hot action that will turn on anybody who has ever had a thing for their teacher, or an older man. The story features depictions of blow jobs, spanking, BDSM, dirty talk, doggy style and so much more. **EXCERPT:** "Actually I know I can help," Professor Clark said. "One little click of a mouse and you get an A for the semester. I have that power," he said. "Omigod, I'll do anything," Sable said, her eyes now lit up with hope. Professor Clark rubbed his hands together and grinned. "I was actually hoping you'd say that," he responded. "If I help you, this stays between us and never leaves this room." "Of course," Sable responded eagerly. "I won't tell anybody. I swear. ... So what do I have to do?" "Take off your clothes," Professor Clark said, flatly. "All of them. Get naked." Sable's jaw dropped. She searched his face to see if he were playing some sort of weirdly unprofessional joke, but she found no humor. He was dead serious. Before she even had a chance to think about it, Sable found herself pulling her shirt over her head shyly, dropping it into the chair beside her. She folded her hands over her D cup breasts, as if Professor Clark wasn't about to see them anyway, and reached behind her back and unclasped her bra with one hand.
