

The 60 Minute Guide to The Flight Pilot Instrument Rating Flying Course Part 1

The Instrument Rating is the most challenging course and test a pilot is ever likely to take. A high level of both knowledge and flying skill is needed. Any aid to help you through the whole of the IR Flying Course would be highly desirable. And now there is. In just two books which take about 60 minutes to read every aspect of the IR flying course is covered. Part One covers all the ground and in-flight checks, general instrument flying including timed turns, stalling and banked turns and a section on background knowledge to aid you in the test.
