

Though my TABOO stories are about pushing the limits and breaking all the rules, it seems there are just some guidelines that we all have to follow. Of course, when Amazon banned my original titles for being too hot and controversial, I wondered if I could simply seduce my way out of trouble \*like most of my characters do! But alas, I have been forced to submit to their authority (some of my characters like that too!) and provide only very vague titles and descriptions for you, the reader. Believe me, Ginas Forbidden Favor was not my first choice for this book. But don't worry! This erotic story still features all the good stuff inside – naughty, kinky, forbidden relationships that explore the taboo of sexy characters who live and play together. Some readers may find this material offensive, so consider yourself warned... When Gina shows up at Michael's office wearing next to nothing, she hopes her mom's man will let her help with more than just his files – and she's not afraid to put her assets to task. Soon, her slender thighs are spread across his desk and he is convinced his little princess can handle the job. Now, he is buried deep in more than paperwork and Gina's forbidden favor has him putting in a few extra hours of long, hard work. J.C.
