

The Age of Reason (Xist Classics)

A Revolutionary Philosophical Work It is from the Bible that man has learned cruelty, rapine, and murder; for the belief of a cruel God makes a cruel man. Thomas Paine, *The Age of Reason* The Age of Reason was written by Thomas Paine as a Deist text which was well received in the United States in the late 18th century but seen as too incendiary in the United Kingdom. The Age of Reason challenges the idea of state religion and the legitimacy of the Bible. Xist Publishing is a digital-first publisher.
