From Amazon Top 10 Bestselling Erotic Romance and Erotica Author Erika Masten The Third Title In A New Eight-Part Erotic Domination And Submission Romance Serial Available for 99 Cents Through Its Debut Weekend Only! The Art Of Domination 3: Catchlight A Domination and Submission Romance Since the day Iva Moreau walked into photographer Nolan Beals studio and demanded he stop using her baby sister as his erotic model, only to end up being compelled to pose for him herself in exchange for her sisters model release, a storm has been building inside the former wild girl artist. Her head wants her to take the safe and responsible path of suburban life and a conventional academic or commercial career, as a teacher or a graphic designer. Her heart, however, has thrown its lot in with the seductive bad boy and sexual Dominant and with the passionate creative life he embodies in all the most sensual and dangerous ways. As Iva indulges her hunger for the directing hand of her alpha Svengali, telling herself she can flee back to safety once her appetite has been sated, the pressure builds inside her and the facade she wears to protect herself from judgment and from love begins to crack. The touted opening of Beals nouveau noir erotic art exhibition nears, and what began for Nolan as fascination with his defiant model and submissive has become a possessive urge to strip Iva of her protections and pretenses and lay her bare in a way no other man has ever known her. He hadn't expected that the process to churn old memories, from growing up unwanted on the streets to the rise of his high-profile career from the rubble of his mentors. The more he pries Iva open, the more vulnerable and alluring she becomes, and the stronger the temptation to let her see the Nolan no one knows. As two artistic, passionate, and wounded souls come together in a dance of sexual and emotional

domination and submission, Iva and Nolan will have to decide which is the greater pain, that of lying even to themselves about who they are or the risk letting someone close enough to see behind the masks and the photographic effects.
