

Tail in Two Cities: A Tale of Lesbian Love on Two Continents; A Lesbian Erotica Short Story

This is a lesbian love and erotica story, spanning the life of a lesbian and the two great loves and lusts of her life. It is both joyful and erotic, showing the triumph of love and lust over the course of time and its inevitable change. This story will remind all readers that sexual and romantic love is the fire that makes life worth living, and that after a fire goes out, it is just a matter of time before another one starts. The story will make your spirit soar, at the same time as it turns you on, showing that physical love between women is not gentle; it is just as rough, passionate and wild as any other sex.
