

The Office Brat (Modern Erotic Library)

Amie is a bratty French girl working in the United States. Her disdain for American culture is exceeded only by her impudence towards the fellow workers who wanted to get their hands on her luscious young body. Dressing fashionably punkish, and bopping her head to the thrash metal coming over her iPod she has little time for American men, until Patrick sets his sights on her. The two engage in a daring game of sexual dominance and submission - at work and outside of it, a game which threatens to get them both fired, if not arrested. Patrick tries to dominate the flirty French brat while Amie tries to hide the way her body burns at his forceful touch. It will be her own lust which rises up to dominate the French girl however, with Patrick merely stoking the fires, and tightening the knots.
