

At Issue in History - The Rise and Fall of the Taliban (hardcover edition)

Afghanistan has a long history of power shifts and civil unrest. The Taliban, a fundamentalist Islamic group, was simply another in a series of individuals and organizations who attempted to rule this war-torn country. This anthology details the conditions that gave rise to the Taliban. It also covers the conditions of the Afghani people under Taliban rule and the U.S.-lead war meant to oust them from power following the September 11, 2001 terrorist attacks.
