Pregnant for the first time, getting bigger in the belly every day and finding out that she wanted A LOT of Sex..... Excerpt: . Ann rubbed over her swollen pregnant belly and then she let her dildo slide up and down over her pregnancy-swollen breasts and then she quickly had her dildos head wet from licking on it just before she let it start sliding down between her legs and she soon had the head of the make-believe cock in the outer lips of her pussy and her other hand was rubbing her clit, bringing her higher and higher in her sexual arousal. Ohhh, yeah, honey, mmm, do mommy and give me a nice hot orgasm, baby, Ann moaned as she closed her eyes and pretended that the big cockhead of her dildo was either her husbands erect cock or the hard dick of some sexy man she might be having an illicit affair with. She thought, If I keep at the present rate, Ill have sexy affairs with a lot of horny guys just to keep myself from going insane. Ann let one hand play with her swollen breasts, caressing over them and diddling her sensitive nipples to make her get even more
