

## SIOBHAN: Domestic Submission

Siobhan, an orphan who now works as a scullery maid at the orphanage where she was brought up, is hired by Sir Edward as a maid. But he has other tasks for her, tasks he will train her into conforming with, disciplining her when necessary to get the best from her. Summer is Sir Edwards daughter, lazing in the household during her vacation from college. Siobhans submissive nature isnt lost on the haughty girl, and she too begins to use the maid for her own pleasures, controlling her with the threat of dismissal. This story of 22,800 words contains acts of masturbation, spanking, lesbian interplay, sex and anal sex between consenting adults.
