

IEC 60254-2 Ed. 3.1 b:2000, Lead-acid traction batteries - Part 2: Dimensions of cells and terminals and marking of polarity on cells

Specifies: - the maximum external (overall) dimensions of traction battery cells, that is, the width, the height and the length; - the form of the marking of traction battery cell polarity and dimensions of corresponding symbols; - the basic dimensions of some commonly used traction battery terminals designed to connect output cables to the battery
