

The proceedings of a seminar held at TWI in September, 1995, focusing on crack arrest philosophy which acknowledges that a brittle crack is arrested when it emerges from the critical region. Papers from prestigious researchers presented a critique and assessment of the theory and its application under: Introduction to crack arrest concepts; Recent trends in crack arrest research; Application of crack arrest concepts.

Processing and Properties of Advanced Ceramics and Composites: Ceramic Transactions, Volume 203 (Ceramic Transactions Series), Memoirs of George the Fourth: Descriptive of the Most Interesting Scenes of His Private and Public Life, and the Important Events of His Memorable ...
